

Norfolk County Council

What is strengths-based practice?

Monday 21 November 2022

Steph Askew and Andrea Brown

Welcome!

Please put your camera on.

We want people to participate but please use the 'raise hand' facility to ask questions and contribute when others are talking.

Please be considerate to others - together we want to create a safe, open and reflective space to learn.

You can turn on live captions on by clicking on the 3 dots at the top of your screen if you need this.

The link to the feedback form will be put in the chat. Please do take the time to complete it after the session.

Thank you!

What is the meaning of strengths-based practice?

“Strengths-based practice is a collaborative process between the person supported by services and those supporting them, allowing them to work together to determine an outcome that draws on the person's strengths and assets”
