Lots of unkind people kept visiting your home when you lived with Mummy E and this was scary.

K, L and L went to stay with foster carers over Christmas, 2014.

The Social Worker N went to see a Judge to tell him her worries. The judge said it was best for K, L and L to live in a new house with people who could keep them safe.

K, L and L had a Social Worker called N. N was worried about K, L and L living at home because it was dirty and the unkind men kept coming to the house.

K, L and L couldn't stay with this foster carer as it was too far away from their school. K and L went to stay with a foster carer called A.

Social worker N went back to see the Judge as she was still worried about L going home.

L got to see her daddy S at the play centre but at the minute, L is not able to see daddy as he is poorly.

It was decided that L was a special little girl that needed her own foster carers so she went to stay with C and D.

N the Social Worker is now looking for a special family for L. L will stay with C and D while the Social Worker N finds a special family that can care for L.
