

# Female Genital Mutilation

Developing excellence  
in response to FGM

## Learning through experiences

Please join The National FGM Centre and Norfolk and Norwich Hospital at this **FREE** learning seminar to gain confidence in addressing Female Genital Mutilation.

We invite **ALL PROFESSIONALS** to this event to help share learning and improve partnership working.

## This workshop will include:

What makes a good referral?

When is a medical examination appropriate?

Applying for FGM Protection Orders

and more...
