

Identifying Harmful Sexual Behaviour in Children and Young People Workshop

Target Staff:

This **free** course is aimed at all front line practitioners and managers working with children and young people.

NB: This course is a pre-requisite of the full day 'Assessment Skills with Children and Young People Displaying Harmful Sexual Behaviour' and 'Delivering Interventions with Children and Young People Displaying Harmful Sexual Behaviour' courses.

Attendees: Maximum number of attendees- 25

Course Duration: One and a half hours

Course Aim: To increase professionals' confidence in consistently identifying potentially harmful sexual behaviour in children and young people and understanding levels of concern in respect of this.

Learning Outcomes - By the end of this course participants will be able to:

- Begin to understand a 'common language' and terminology around Harmful Sexual Behaviour in children and young people
- Understand how to use the Brook Traffic Light tool for early identification of HSB in children and young people
- Understand how to use the Brook Traffic Light tool to identify potential level of concern about Harmful Sexual Behaviour
- Think about 'next steps' for training for their organisation in assessment and intervention for Harmful Sexual Behaviour
